#### **How to Sync the calendar to your phone:**

Open 2 windows...log into your gmail account that you have synced with your mobile device

In 2nd window Go to [www.lancaster.k12.mn.us](http://www.lancaster.k12.mn.us)

Left side choose Faculty/Staff, then administration

Scroll down to Mendy's picture and click the link under her name

Her calendars then appear on the left side

Choose the calendar you would like to view...under that calendar there a Google+ logo...

this will then open the calendar into your gmail and it'll pop up and ask if you would like to add this to your calendar - choose yes.

Continue to do this for any/all of the calendars she has.

Once you've done all the ones you want, go back to the original tab you opened (your gmail one) and click the calendars app...you should see all of the events on this...

Now click the picture of the gear (top right corner) and choose sync with mobile device...choose either Android or other mobile device...

Click the plus to expand the window...

Choose the bottom where it says to sync more than 1 calendar...

Don't forget to SAVE - bottom right of your screen - may have to scroll down. Now on your phone you can check the calendars you wish to see (uncheck football during off season, etc)..
